

Founded in 1969 as SEG in Krefeld, Germany - grown under Woodward for more than 10 years - ConverterTec is a global specialist in electric power conversion. Since 1995, first variable-speed Concycle® generators and power conversion technology is being used in marine applications, Uninterruptible Power Supply as well as in upcoming wind and solar/PV applications.

As of today, we are looking to a legacy of more than 24,500 converter systems in on- and offshore applications, shipped to 47 different countries worldwide, representing more than 45GW of installed power.

With our branches in Kempen, Krakow and Sofia as well as other global service hubs, we support our customers worldwide.
